A LETTER FROM OUR CHAIR & CEO

Message from the President & CEO and Chair

Dear friends,

The first months of 2021 continue to be difficult for the world and our community as we deal with the ongoing COVID-19 crisis. The Saint John Regional Hospital Foundation has been privileged to support our incredible health care professionals, their patients and their families throughout these uncertain times.

Our annual report provides an overview of the tremendous impact donations have at the Saint John Regional Hospital. It highlights advancements in exceptional care as well as thanking our amazing donors. We are very fortunate at the Foundation to hear of the fantastic work being done, and the stories of lives changed.

This past year we closed the Foundation's most ambitious fundraising campaign. With a budget of \$12 million, the Clinic 1 Expansion was met with great determination and optimism. "It was exciting to watch Horizon's Saint John Regional Hospital and the community come together over four years to improve health care and revolutionize Clinic 1. The Province is grateful for the generosity of donors who saw the need for a new clinic and supported bringing it to life," says Health Minister Dorothy Shephard.

When life returns to the "new normal" in the likely not-too-distant future, what will remain constant is the outstanding generosity of donors and the dedication of our physicians, clinicians, and staff and their positive impact in helping patients lead healthier and happier lives. And as the needs of our community change, the constant is your trust and your generosity. We hold them with the utmost of care and promise to remain good stewards of both.

Thank you for helping us create a healthier future together.

With gratitude,

Jeff McAloon,
President and CEO

James Gallagher,
Chair, Board of Directors

FROM HORIZON HEALTH NETWORK

Message from Horizon Health Network's CEO

So much has changed in the world of health care in the last year and a half but one thing has remained the same — the unwavering commitment of the Saint John Regional Hospital Foundation.

Despite all the challenges and changes brought on by a global pandemic, the Foundation continued to do what they do best: support our hospital and its staff and physicians. Donors stood by and stepped up to help, even during a time of uncertainty. For this, we cannot thank you enough.

The coming years will be filled with excitement at the SJRH, as we embark on major renovations and construction, beginning in 2021. All improvements are tied directly to the outstanding support of the Foundation and its generous donors. We are about to witness vast and wide improvements across all areas of health care at your hospital.

Each improvement helps us provide better care to our patients and their families. Improvements also allow our staff and physicians to work in modern and well-equipped settings, enabling them to provide the type of care patients have come to expect — and very well deserve.

I am proud Horizon has a group of dedicated donors who continue to see the short and longterm benefits to supporting health care in their community. Together, we are fulfilling Horizon's mission of helping people be healthy.

As I work through my last year as CEO, I have no doubt there will be more to celebrate. The partnership between Horizon and the Saint John Regional Hospital Foundation is essential to our success and it will continue to inspire those around us.

Yours in health,

Karen McGrath
